ABOUT PRIORITIZE

After more than a decade of working with health care organizations, it was clear that a user-friendly software tool would simplify this often complex process of deciding how best to manage scarce health care resources.

Collaborating with health care leaders, Prioritize Software was developed to guide decision-makers from idea generation to criteria development and implementation monitoring.

With offices in Canada, the U.S and the UK, we create key regional and global partnerships to ensure your organization's success no matter the size or budget.

"I have never used anything like Prioritize Software before - quick to set up, easy to use and up and running in no time right out of the box!"

Flexible solutions for your budget challenges

EXPERTS IN PRIORITY SETTING

With an average of over 15 years' experience in priority setting, our expertise focuses on how best to manage resources within the health care context. Our team members have published and presented widely on priority setting within both academic and organizational settings and it is this leading edge knowledge we bring to the field of priority setting in health care.

EASY-TO-USE TOOLS

We have successfully assisted organizations from around the world with our unique set of expertise and tools that address budgetary challenges with concrete solutions. Our philosophy is to provide decision makers with easy-to-use tools, on-site support and mentored collaboration so organizations can provide the best care possible with the resources available.

EASY-TO-USE SOFTWARE

Prioritize Software simplifies the complex process of deciding how best to allocate a limited budget across existing and future programs. Our comprehensive, user-friendly, stand-alone package, will guide you and your organization through a priority setting and resource allocation process, from project conception to decision implementation and evaluation.

EXPERT CONSULTING

With hands-on training and exceptional facilitation skills, Prioritize consultants work with your leaders and decision makers to ensure the process is efficient and effective. We also support you through the implementation of the decisions made, providing follow up reports and performance measures that can inform the next fiscal cycle.

CUSTOMIZED SOLUTIONS

No matter the size of your organization, we provide customized solutions to fit your needs. With regional offices in Canada, the US and the UK, we offer local knowledge within a global context, creating key partnerships to ensure your success.
